Four Very Special Corvettes... have just arrived at ProTeam.

1) **1963 Corvette Convertible** with factory air that is a one-owner until recently and has been in heated storage for 27-years. An original, unrestored, unmolested example that should be preserved for future generations to answer all those questions that the judging manual does not as this car goes way beyond the typical factory production (TFP) terminology and is a brain trust if preserved... These type cars are original but once! Go to ProTeam's [New Arrivals](#).

2) **1963 Split Window Coupe** with factory air, 300 hp, powerglide, power steering and brakes. Finished in Silver Blue with Dark Blue interior. This is a well-known and well-documented car with unbroken owner history that was once owned by noted 1963 expert and historian, Tom Christman. **Fact:** 1963 was the first year you could order the C60 air

conditioning option and only 278 were produced! Go to ProTeam's [New Arrivals](#).

3) **1971 ZR2/425 hp T-Top** that is Steel Cities Gray with Saddle Tan interior with 46,600 actual miles. One of one in the color combination department. One of 12 total ZR2's produced. Multiple NCRS Top Flight awards. Editorialized and modeled for scale model and Prado print. Has tank sticker, P.O.P., and GM of Canada documentation... an export!!! Go to ProTeam's [New Arrivals](#).

4) **1972 ZR1 T-Top** that is Elkhart Green with Black interior with 16,000 actual miles. One of 53 1970-'72 ZR1's produced and one of twenty produced in 1972. This ZR1 is an equivalent of a small block L88 and is fully documented and in show condition. Go to ProTeam's [New Arrivals](#) or email terry@proteamcorvette.com
