**ProTeam's Hot August Specials...** begins August 12th and ends August 29th, 2009 with eight sizzling hot deals on what might be your most favorite Corvette. [Check Out](#) our August eight specials and visit ProTeam soon where you can see over 150 classic Corvettes in one location.

**ProTeam's Personal Reserve Collection...** is a group of over 30 very special Corvettes that are generally not available to the viewing public via the internet, ProTeam's website, or ProTeam's print catalog.

- You are welcome to view this collection in person at ProTeam's Napoleon facility where you will see many single, double, and/or triple digit production cars. The rarest of the rare, ie: L88's, LS6's, ZR1's, LT1's, COPO's, fuelies, preproduction Pilot Line Cars, race cars, and big brake/HD suspension RPO's.

- These are cars that I have had a personal relationship (with 32 show awards in 2009, primarily NCRS and Bloomington) and know quite well and I am considering the retirement from the show circuit and the sale thereof.

Examples:

1. 1953, VIN #268, NCRS 2nd Flight 2008, NCRS Top Flight 2009, Bloomington certified 2009, AACA Junior and Senior award at Hershey, editorialized.

2. 1962 Red RPO-687 HD brakes/suspension/fuelie, NCRS Top Flight at Regional and national, NCRS PV'd at Regional, and NCRS Duntov Mark of Excellence award.

3. 1967 Convertible 400 hp factory air, *Triple Black (1 of 2)*, Multiple NCRS Top Flights at Regional and National 2009, Bloomington Gold and Triple Crown.

4. 1968 L88 convertible Red/Red (1 of 2), Naber's restoration 2009, NCRS Top Flight at Chapter, Regional, and National 2009, Bloomington Special Collection 2009.

5. 1981 Two-Tone Beige with 3,000 miles, NCRS Top Flight at Regional 2009, Bloomington Survivor, Gold, and Benchmark 2009

- For more information on the above five Corvettes or the other 30 in our Personal Reserve Collection, email [terry@proteamcorvette.com](mailto:terry@proteamcorvette.com) or [tmichaelis@charter.net](mailto:tmichaelis@charter.net).

**Three Special Corvettes...** that I really like.

A. 1963 Sebring Silver Split Window Fuelie with an original GM OEM body, motor, transmission, and rear end in show condition as evidenced by its June 2009 NCRS certificate and judging sheets. Most deducts were related to over restoration (I like that) and operational issues (since fixed). This is an absolute beauty that I know well. [ProTeam stk #1053A](#)

B. 1968 T-Top Pre-Production Pilot Line Car, VIN #15 [escapee]. This probably is the first t-top ever built as the 1968 t-top production was delayed to around VIN #10,000 due to body development/launch problems. This car probably spent the first six months of its life at the Milford Proving Grounds doing body development duty. This is a very important car as the t-top launch in model year 1968 proved so successful that it finally replaced the convertible by 1976. 477,275 t-tops were produced from 1968 to 1982 and this is probably the *first* t-top ever produced. This Corvette is a gift a \$50,000.00 which is subject to change in late August. [ProTeam stk. #203X](#)

C. 1970 LT1 Convertible is a very rare car as only 1,287 were produced with only 30% being the convertible. The combination of being a red convertible and having factory documentation makes this a less than 1 of 50

in the world. [ProTeam stk. #1049A](#)
