**Hi everyone, I'm Brian Topp...** many of you reading this have met me and some of you have even purchased an old Corvette from ProTeam with my help. I have spent the last 20 years advancing my knowledge on classic Corvettes. Before that I was in the restoration business and restored several muscle cars and a couple old Corvettes. I even spent a little time in The ProTeam body shop right after I moved back to Napoleon, Ohio after serving in the United States Marine Corps. My passion for old cars and particularly Corvettes started at a very early age when I used to go to the races with my uncles. I spent many years going to college part time to get my degree while serving, selling Corvettes, and, working on cars to pay my tuition. I'm proud to say I had no student loans. I also spent over four years with Mecum auction's learning everything I could about the Classic Car Market. I'm happy to announce that I am back at ProTeam Corvette sales full-time to help assist Corvette enthusiasts, hobbyist, and professionals in doing their due diligence to purchase the best Corvette possible that they can afford. I am back at my old alma mater and I look forward to serving you.

We are looking for a SALESPERSON that likes old cars and would like to meet people from around the world. Prefer energetic young person or retiree. [brian@proteamcorvette.com](mailto:brian@proteamcorvette.com)

**What Is My Corvette Worth?** I get asked this question almost everyday. The value of a Corvette is directly related to venue, location, day, and time of day if offered at auction. High profile collector car auctions offer maximum exposure and hundreds or thousands of affluent "ready to spend" registered bidders that like the auction excitement and instant gratification of making a purchase and thus outbidding others. **In essence they are the winner!**

Auctions create urgency and unless bidders are prepared to bid that car is sold within 2 to 3 minutes.

No two auctions or auction venues (locations) will produce the same results. **"It is a crap shoot!"**

I have participated as both buyer and seller at most of the classic car auctions in the USA for over 40 years and know the process well.

Contact [terry@proteamcorvette.com](mailto:terry@proteamcorvette.com) should you have a rare Corvette or Corvette collection and need advice as it relates to estate planning, estate resolution/liquidation as it relates to auctions and/or our outright purchase.

**Industry Awards...** are normally awarded to a person for exceeding a quality standard but in our case, it is about the person (or people), the product (our cars) and the presentation which requires knowledge. ProTeam's Corvettes achieved close to 200 show awards and invitationals since 2009. [Click to enlarge](#) any photo to view the results of ProTeam's team effort. I doubt there is another person or company that has even come close to our record and in 2013; we added a new award only received by a total of 36 participants, "The NCRS American Heritage Award". In June 2014, Terry Michaelis was inducted into the Bloomington Gold Great Hall honoring the 50 most significant and influential people and organizations.

The standard is set by the various judging venues, ie: Bloomington Gold, NCRS, MCACN, and the Concours D'elegances scattered around the USA. It takes knowledge, preparation, and presentation to compete in these show venues. ProTeam's small group of employees possess that knowledge which should add additional value and a comfort level that you **cannot** and **will not** get from any other Corvette seller or reseller. POINT MADE! Think about it and [Click Here](#) to view the text file of our impressive show results. Comments or questions? Email: [terry@proteamcorvette.com](mailto:terry@proteamcorvette.com)

**Value Trumps Price...** *Collector Car Math: Value + Price + Exhilaration = Complete Satisfaction.* I have asked/answered this equation thousands of times over my lifetime and since the Great Recession of 2008 took hold, the importance of getting this equation right has taken on a new importance. It isn't just me but anyone who dabbles in the passionate world of collector cars has asked these questions. Mike Farbairn (RM Magazine, Summer '13) wrote an article giving some sound advice in purchasing a classic car. First, he asks, "How much is too much?" Ownership tenure involving a quick turn around like flipping the car and short-term ownership (90 to 100 days) necessitate a perceived monetary profit translating to a bargain hunter's mentality. Long-term classic car proprietorship is a bit more ambiguous. It involves a bigger commitment to the car's integrity, provenance, and market value. "In my experience, the very best is seldom cheap" but rest-assured the work in acquiring the "long-term hold" will pay dividends down the road. How can Mike be so sure? He is certain because of two universal collector car truths; (1) the market has always surpassed retail price and (2) when you own the best, there is always a profitable resale market. So in the end, **Value Trumps Price.** Price is secondary to exhilaration. Passion is incalculable, so follow your heart. Questions or comments?
