Two very significant ProTeam Corvettes recently (April 25th, 2015) received their sign-off approval for the NCRS American Heritage award, which is given at the NCRS Nationals... This year's NCRS Nationals is in Denver, Colorado on July 19th-23rd.

The two approved cars are:

- **1953 NASCAR Corvette**, Stk. 1111B

- **1958 Chitwood Thrill Show Corvette**, Stk. 1006F

More on the American Heritage Award: This award was created by the National Corvette Restorers Society in 1998. The American Heritage Award, presented at the National Convention recognizes unique Corvettes such as, but not limited to, GM Styling Cars, GM Experimental Cars, and Factory or Vintage Race Cars. These cars must be a historically significant piece of Corvette heritage and it has been created for cars that do not currently meet our judging standard because of their intended use. GM Styling and GM experimental cars must have documentation which indicates they indeed were an exercise by GM. Vintage race cars must have actual race history and must be presented in the race form that represents the most significant part of that history documentation is required, in the form deemed acceptable for each individual case. Presentation of the Award will be restricted to no more than two or three vehicles per year. Only 42 Corvettes have received this award. Comments or questions, email: terry@proteamcorvette.com
