NSN-TRI..1963 **Benchmark Corvette Split Window Coupe Export Z06 Fuelie GM Show Car** 327-360 hp fuel injected 4-speed with 22,723 actual miles. An incredible time capsule that is a very original unmolested car. Daytona Blue paint with Dark Blue interior and both original in excellent condition. Bloomington Gold Benchmark award in 2013 which includes Gold certification and Survivor certification as an original in all 4 categories.

This car is one of the elite few recipients of America's most prestigious Corvette awards, the happy result of a lifetime of diligent care and discerning use. Unrestored and original!! It was judged worthy of Bloomington Gold Certification, Survivor and Benchmark honors, the latter being the most important of all to the demanding collector. Benchmark Certification recognizes each recipient as not only unrestored—a quality recognized in Survivor judging—but also that it remains in showroom condition, exactly as it was upon delivery from the factory with the exception of aging.

These qualities make it the perfect source of reference for a top-quality restoration of a like car, ergo the term "Benchmark." Benchmark Certification is only awarded to cars that have achieved both Gold and Survivor on the same weekend, qualify in all four Survivor categories. Benchmark is, by definition, the most important distinction in the entire Corvette judging regime, one awarded to fewer than 228 Corvettes (1953-1972) as of this writing—including this jewel of which only 14 of them were 1963!!

Invited to the 50th Anniversary Bloomington Gold Collection on June 10th-11th, 2022 and 18th Annual Amelia Island Concours d'Elegance on March 10th, 2013 and the June 2013 36th Annual Ault Park Concours d'Elegance and the 35th Annual Concours d'Elegance of America (former Meadowbrook) on July 28th, 2013 in Detroit area, and selected to participate in the 2013 "Chip's Choice display" at Corvettes at Carlisle on August 23rd-25th, 2013. The expenses involved in obtaining these awards could surely exceed \$20,000.00.

One of 199 with the Z06 special performance equipment and this one is radio delete. This is an original motor car per recent affirmation by CCAS, LLC/AI Grenning as to the legitimacy and originality of the cylinder case (engine block), engine stamp pad, and engine stampings. The affirmation certificate is included with the documentation files. Displayed in the 1963 Sydney and 1964 Melbourne Motor Shows while owned by GM Holden. Purchased by first owner from GM Holden in Sydney, Australia in 1964 through R.C. Phillips Sports Car World. Best of Show winner of the First Corvette Car Club of Australia convention in Victoria in 1980 and editorialized in their newsletter.

Production date of May 11th, 1963 and delivered new for export to Australia (dealer code 2 in zone 21) per the official NCRS/GM Shipping Data Records (SDR). **1963 "The Year of the Z"!** 199 Z06 special performance weapons grade competition warriors were built to compete on the road courses of America and Europe early in the 1960's. Purchased from the second owner. Today, the one-year only split window remains one of the most iconic designs in the history of the American automobile and as a result, the 199 factory built Z06's are simply in a league of their own! **P.O.R. AVAILABLE FOR INVITATIONALS**

Prefer 1957, 1963 Split Windows and 1967 Coupes/Convertibles that have been Bloomington Gold, CCAS or NCRS certified, validated and affirmed...with the basic fundamentals; original VIN tag, original trim tag and original engine stamp pad.

I've been buying, selling and collecting Corvettes since 1971 (55 years): **Over 10,000 classic Corvettes!!!!** We are in the final stretch and *The Last Hurrah* so if you have a Corvette that you are considering selling, email terry@proteamcorvette.com

Q: What is a CCAS Affirmation?...

[wrap text]

A: It is an evaluation program covering basic fundamentals of 1963 to 1972 classic Corvettes:

- (1) The engine casting and stamped numbers
- (2) The Trim/Body tag
- (3) Protect-O-Plate (Chevrolet warranty plate)
- (4) Certain documentation

CCAS applies a United States patented procedure in conjunction with a massive Corvette engine pad database (*master library*). It is the application of objective, fundamental research information for identifying legitimacy of engines.

Overall, it is a non-personal, objective, scientifically based approach that is brought to bear in areas that have been at the mercy of subjectivity and opinion.

For more information, contact **Classic Car Affirmation Service, LLC**, 318 Summit Street, Boonville, NY 13309, CCAS4@aol.com

What Is My Corvette Worth? I get asked this question almost everyday. The value of a Corvette is directly related to venue, location, day, and time of day if offered at auction. High profile collector car auctions offer maximum exposure and hundreds or thousands of affluent "ready to spend" registered bidders that like the auction excitement and instant gratification of making a purchase and thus outbidding others. **In essence they are the winner!**

Auctions create urgency and unless bidders are prepared to bid that car is sold within 2 to 3 minutes.

No two auctions or auction venues (locations) will produce the same results. **"It is a crap shoot!"**

I have participated as both buyer and seller at most of the classic car auctions in the USA for over 40 years and know the process well.

Contact terry@proteamcorvette.com should you have a rare Corvette or Corvette collection and need advice as it relates to estate planning, estate resolution/liquidation as it relates to auctions and/or our outright purchase.

Industry Awards... are normally awarded to a person for exceeding a quality standard but in our case, it is about the person (or people), the product (our cars) and the presentation which requires knowledge. ProTeam's Corvettes achieved close to 200 show awards and invitationals since 2009. Click to enlarge any photo to view the results of ProTeam's team effort. I doubt there is another person or company that has even come close to our record and in 2013; we added a new award only received by a total of 36 participants, "The NCRS American Heritage Award". In June 2014, Terry Michaelis was inducted into the Bloomington Gold Great Hall honoring the 50 most significant and influential people and organizations.

The standard is set by the various judging venues, ie: Bloomington Gold, NCRS, MCACN, and the Concours D'elegances scattered around the USA. It takes knowledge, preparation, and presentation to compete in these show venues. ProTeam's small group of employees possess that knowledge which should add additional value and a comfort level that you **cannot** and **will not** get from any other Corvette seller or reseller. POINT MADE! Think about it and Click Here to view the text file of our impressive show results. Comments or questions? Email: terry@proteamcorvette.com
