1967 Corvette Factory Air Coupe

[wrap text]

1967 Corvette Factory Air Coupe 327-300 hp, factory air, powerglide, numbers matching original motor, transmission and rear end, also has factory original body/trim tag, 66,696 actual miles. Also has an affirmation by CCAS/Grenning as to the legitimacy and originality of the engine block, stamp pad, and the engine stamp.

Silver Pearl paint with Teal Blue interior. Body-on restored (appears body-off) in show condition. This car may have had one repaint in its lifetime but the interior is original (other than carpet) and in excellent condition which shows lack of abuse. It's apparent from driving this car that it's had a lifetime of diligent care and discerning use and maintenance to be as nice and original as it is. Multiple NCRS National, Regional and Chapter Top Flight awards. The Silver Pearl/Teal Blue color combination is quite rare and desirable especially with leather as only 103 were produced for all colors.

Optioned with factory air, powerglide, power steering, power brakes, power windows, leather, SS brakes, AM/FM radio, tinted glass, B.O. aluminum wheels and red stripe tires. Most all factory correct type components including the spare, jack, jack tools, seat belts, washer system, shifter, shielding, air cleaner, #3810 carb, starter, a/c alternator, spark plug shields, hoses, hose clamps, valve covers, exhaust heat shields, expansion tank, radiator, gas door assembly, glove box door, owners manual, sales brochure, and T-3 headlights.

Documented with the NCRS certificates/judging sheets, CCAS/Grenning Engine Stamp Affirmation, owner history with title copies, maintenance receipts, NCRS/GM shipping data report, and 3-ring binder. Purchased from past owner Coleman Roddy (two-time NHRA World Champion) who recently was inducted into the National Hot Rod Association (NHRA) Hall of Fame in 2024. Production date of June 2nd, 1967 and delivered new by Tyrrell Chevrolet in Cheyenne, WY (dealer code 869 in zone 10) per the official NCRS/GM Shipping Data Records (SDR). Looks excellent but runs and drives superb!! CC:1 \$149,000.00 Stk. 1009U

Prefer 1957, 1963 Split Windows and 1967 Coupes/Convertibles that have been Bloomington Gold, CCAS or NCRS certified, validated and affirmed...with the basic fundamentals; original VIN tag, original trim tag and original engine stamp pad. **I will consider Corvettes with restoration motors.**

I've been buying, selling and collecting Corvettes since 1971 (55 years): **Over 10,000 classic Corvettes!!!!** We are in the final stretch and *The Last Hurrah* so if you have a Corvette **or Corvette collection** that you are considering selling, email terry@proteamcorvette.com

Q: What is a CCAS Affirmation?...

[wrap text]

A: It is an evaluation program covering basic fundamentals of 1963 to 1972 classic Corvettes:

- (1) The engine casting and stamped numbers
- (2) The Trim/Body tag
- (3) Protect-O-Plate (Chevrolet warranty plate)
- (4) Certain documentation

CCAS applies a United States patented procedure in conjunction with a massive Corvette engine pad database (*master library*). It is the application of objective, fundamental research information for identifying legitimacy of engines.

Overall, it is a non-personal, objective, scientifically based approach that is brought to bear in areas that have been at the mercy of subjectivity and opinion.

For more information, contact **Classic Car Affirmation Service, LLC**, 318 Summit Street, Boonville, NY 13309, CCAS4@aol.com

What Is My Corvette Worth? I get asked this question almost everyday. The value of a Corvette is directly related to venue, location, day, and time of day if offered at auction. High profile collector car auctions offer maximum exposure and hundreds or thousands of affluent "ready to spend" registered bidders that like the auction excitement and instant gratification of making a purchase and thus outbidding others. **In essence they are the winner!**

Auctions create urgency and unless bidders are prepared to bid that car is sold within 2 to 3 minutes.

No two auctions or auction venues (locations) will produce the same results. **"It is a crap shoot!"**

I have participated as both buyer and seller at most of the classic car auctions in the USA for over 40 years and know the process well.

Contact terry@proteamcorvette.com should you have a rare Corvette or Corvette collection and need advice as it relates to estate planning, estate resolution/liquidation as it relates to auctions and/or our outright purchase.

Industry Awards... are normally awarded to a person for exceeding a quality standard but in our case, it is about the person (or people), the product (our cars) and the presentation which requires knowledge. ProTeam's Corvettes achieved close to 200 show awards and invitationals since 2009. Click to enlarge any photo to view the results of ProTeam's team effort. I doubt there is another person or company that has even come close to our record and in 2013; we added a new award only received by a total of 36 participants, "The NCRS American Heritage Award". In June 2014, Terry Michaelis was inducted into the Bloomington Gold Great Hall honoring the 50 most significant and influential people and organizations.

The standard is set by the various judging venues, ie: Bloomington Gold, NCRS, MCACN, and the Concours D'elegances scattered around the USA. It takes knowledge, preparation, and presentation to compete in these show venues. ProTeam's small group of employees possess that knowledge which should add additional value and a comfort level that you **cannot** and **will not** get from any other Corvette seller or reseller. POINT MADE! Think about it and Click Here to view the text file of our impressive show results. Comments or questions? Email: terry@proteamcorvette.com
