Attention Shop From Home customers... Can't travel? Can't inspect your Corvette prior to purchase? Try ProTeam's [48 Hour/24 Mile Money Back Guarantee!](#)

[Click Here for Complete List!](#)

ProTeam is still open Monday through Friday from 9:00am to 5:00pm EDT...for answering telephone and email requests to maintain a minimum basic operation with 2 employees and others working from home. Until further notice we have discontinued opening our doors to any visitor unless you have an appointment.

ProTeam will ship your newly purchased Corvette to your doorstep for your 48 hour inspection and approval and all you could lose is the shipping costs, should you wish to cancel the purchase for any reason. It is what we say it is or you hold our feet to the fire. That's a no risk purchase for ProTeam customers who cannot or do not wish to travel.

ALL ProTeam vehicles go through a comprehensive 100-point inspection.

All cars shipped will be sanitized prior to shipment including steering wheels, dashboards, door handles, the keys, and dash knobs

Buying a classic car can be a scary process, especially sight unseen. ProTeam believes that seeing, driving, and getting a feel for the Corvette is essential. ProTeam also realizes that Napoleon is not on the way to anywhere for most people and that a 48 hour inspection at home can make the American Corvette dream within easy reach.

There are no prerequisites to qualify for this program except that project cars and cars rated #4, #5, or #6 do not qualify. Contact one of ProTeam's sales associates to guide you through the process and then wait for delivery, take the Corvette for a spin around town, and decide if it's the one. If not, send the Corvette back for any reason to ProTeam for a money back guarantee.

Photos and complete descriptions at ProteamCorvette.com

If you have any questions on this program or how it would apply to a specific car, email ProTeam Sales staff directly at terry@proteamcorvette.com or call toll free 888-592-5086

Question: Who else offers such a program? As ProTeam has been doing this for almost 20 years

Answer: no one

WARNING: Infrequently used, long stored and newly restored automobiles frequently develop failures and problems during break-in for re-use. Expect these failures! The best running and most reliable automobiles are those used on a regular basis. Some problems may be but are not limited to: a) old gas varnish, b) hydro-lock, especially fuelies, c) brake pull, especially pre-1965 drum brake cars with wheel cylinders, d) minor oil leaks, especially the rear main seal.

ASK YOUR DOCTOR: If you sit too much, it's bad for you. The same is true for old cars. Joints stiffen up, moisture takes its various tolls, rubber and leather dry out, tires get flat spotted, gasoline goes stale and vermin takes up residence. No matter how beautiful, rare and/or valuable, old cars need to get out and drive or they'll slowly die of neglect.

Buying Local isn't Just Ordering Grub Hub... It's Airstream, Budweiser, Crayola, Harley-Davidson, Hershey, Jack Daniel's, Kitchen-Aid, Louisville Slugger, Pyrex, Gibson Guitars, Corvettes.

Supporting our neighbors is part of our American psyche. It is nothing new. We always have been all in together. #Allintgether

When masks are put away, social distancing is in our rearview and we come back together, take a moment to ask if you are still shopping local and buying products made in the good old USA or at least North America including Canada and Mexico and then we will be waving a new flag!

Maybe it's time we re-think and bring our manufacturing jobs back to North America.

What Is My Corvette Worth? I get asked this question almost everyday. The value of a Corvette is directly related to venue, location, day, and time of day if offered at auction. High profile collector car auctions offer maximum exposure and hundreds or thousands of affluent “ready to spend” registered bidders that like the auction excitement and instant gratification of making a purchase and thus outbidding others. **In essence they are the winner!**

Auctions create urgency and unless bidders are prepared to bid that car is sold within 2 to 3 minutes.

No two auctions or auction venues (locations) will produce the same results. **“It is a crap shoot!”**

I have participated as both buyer and seller at most of the classic car auctions in the USA for over 40 years and know the process well.

Contact terry@proteamcorvette.com should you have a rare Corvette or Corvette collection and need advice as it relates to estate planning, estate resolution/liquidation as it relates to auctions and/or our outright purchase.

Industry Awards... are normally awarded to a person for exceeding a quality standard but in our case, it is about the person (or people), the product (our cars) and the presentation which requires knowledge. ProTeam's Corvettes achieved close to 200 show awards and invitationals since 2009. Click to [enlarge](#) any photo to view the results of ProTeam's team effort. I doubt there is another person or company that has even come close to our record and in 2013; we added a new award only received by a total of 36 participants, "The NCRS American Heritage Award". In June 2014, Terry Michaelis was inducted into the Bloomington Gold Great Hall honoring the 50 most significant and influential people and organizations.

The standard is set by the various judging venues, ie: Bloomington Gold, NCRS, MCACN, and the Concours D'elegances scattered around the USA. It takes knowledge, preparation, and presentation to compete in these show venues. ProTeam's small group of employees possess that knowledge which should add additional value and a comfort level that you **cannot** and **will not** get from any other Corvette seller or reseller. POINT MADE! Think about it and [Click Here](#) to view the text file of our impressive show results. Comments or questions? Email: terry@proteamcorvette.com
